

Justice Services Division of Weld County

Mission

Our mission is to support and improve the functions and services of our Justice System by:

- **Providing** innovative, cost effective planning strategies and enhancements
- **Enhancing** community safety and quality of life of our citizens
- **Supplying** opportunities for persons processed by our Justice System to demonstrate their potential as contributing, responsible members of society.

Vision

We envision a fair and equitable criminal justice system that identifies the public safety needs of our community while providing creative, innovative, and cost effective opportunities for positive outcomes for those who enter it.

Values

- **Commitment** - we expect a passion for service from our staff and a demonstrated investment and responsibility in our work
- **Courage** - we will be bold, stand by our convictions and be enduring in our search for excellence
- **Inclusiveness** - we embrace actions and behavior that honor and respect the contributions and diversity of our staff and our community
- **Integrity** - we will display professional ethics, moral courage, and strength to fulfill the trust of our community and justice system colleagues
- **Respect** - we will respond to all those we encounter in our work with courtesy and civility that recognizes their individuality and esteem; and
- **Trustworthiness** - we commit ourselves as responsible stewards of the authority public funding grants us.
