**Inspection Type:** REGULAR INSPECTION

POINTS	VIOLATION	VIOLATION ID
10 pts.	<b>Toxic substances properly identified, stored &amp; used</b> Comment: <b>(Corrected)</b> Observed a spray bottle near the mop sink that was not labeled with common name. Chemical spray bottles shall be labeled with the contents to ensure proper use. Employee identified and labeled. Corrected during inspection.	28
0 pts.	<b>In-use utensils: properly stored</b> Comment: Tongs at the grill were stored in water that measured at a temperature of 73F. In use utensils shall be stored in the food with the dispensing handle extended out of the food, stored clean and dry, stored in potable running water as in a running water dipper well, or stored at temperatures of 135 degrees F and above, or 41 degrees F and below. Correct as soon as possible but within 10 days. Follow up at the next regular inspection.	43
