POINTS	VIOLATION	VIOLATION ID
2 pts.	<b>Approved thawing methods used</b> Comment: <b>(Corrected)</b> Found 3 boxes of frozen raw beef thawing in the food preparation sink without being submerged in cold running water. Food shall be thawed in one of the following ways: under refrigeration, completely submerged and with packaging removed under cold running water where it does not allow any portion of ready-to-eat foods to rise above 41 F, or any portion of raw animal food to be over 41 degrees for more than 4 hours, in the microwave or as part of the cooking process, or using any procedure if thawed and prepared for immediate service. Corrected by discussing proper thawing methods with owner.	35
0 pts.	<b>Contamination prevented during food preparation, storage &amp; display</b> Comment: Found condensation water leaking onto pans in the walk-in freezer. At all times, including while being stored, food shall be protected from contamination by overhead leakage or condensation. Correct immediately.	39
