POINTS	VIOLATION	VIOLATION ID
10 pts.	<b>Proper date marking and disposition</b> Comment: <b>(Corrected)</b> Noted a number of items that were date marked, but exceeded the 7 day date marking requirement. Ready-to-eat, potentially hazardous food (time/temperature control for safety food) held in a food establishment for more than 24 hours shall be clearly marked to indicate the time the original container is opened/cooked and the date or day by which the food shall be consumed on the premises, sold, or discarded when held at a temperature of 41°F (5°C) or less for a maximum of 7 days (6 day after opening) or manufacturer use-by date whichever occurs first. Facility disposed of food items at time of inspection. Corrected at time of inspection.	23
