POINTS	VIOLATION	VIOLATION ID
10 pts.	<b>Food contact surfaces; cleaned &amp; sanitized</b> Comment: <b>(Corrected)</b> Observed employee dipping dishes in sink sanitizer for a few seconds and then move around to the clean side of the dishwasher. All equipment and utensils shall be sanitized by: Immersion for at least one minute in 50-200 ppm chlorine or 150-400 ppm of quaternary ammonium. Corrected by sanitizing in the dishwasher.	16
5 pts.	<b>Time as a Public Health Control; procedures &amp; records</b> Comment: <b>(Corrected)</b> Observed a full pan of american cheese at 55F being held at room temperature. Manager advised it was a new procedure and it should have a 4 hour time sticker. When 'time as a public health control' is used, procedure in place shall be followed including marking of time and discarding of food at appropriate times. Employee stated the pan had only been at room temperature for less than 30 minutes. Corrected by placing a 4 hour time sticker on the pan.	24
