POINTS	VIOLATION	VIOLATION ID
10 pts.	<b>Proper reheating procedures for hot holding</b> Comment: <b>(Corrected)</b> Found beans at 121-145 degrees F in hot holding unit in cookline area. Per employee, beans had just been re-heated from a bag. Foods requiring temperature control shall be quickly reheated to 135 F within 2 hours. Corrected at time of inspection by re-heating beans to above 135 degrees F.	19
