VALUATION INFORMATION

Property was valued as it existed on January 1 of the tax year indicated on the front of this Special Notice of Valuation. The value of residential property is based on the market approach to value. Generally, the value of all other property is based on consideration of the market, cost, and income approaches to value. The appraisal data used to establish value is from the 18-month period ending June 30, 2024, § 39-1-104(10.2)(a), C.R.S. If insufficient data existed during the 18-month data gathering period, data from each preceding six-month period (up to a period of five years preceding June 30, 2024) may be utilized, § 39-1-104(10.2)(d), C.R.S.

If you would like information about the approach used to value your property, please contact your county assessor. For specific property characteristic details, please see the Building Information and Valuation Information Tabs on your Property Report online at www.weld.gov.
